16.12.2022

### 1. General

1.1. The following General Terms and Conditions of Sale (hereinafter the "General Terms") shall apply to all deliveries of products (hereinafter the "Products") from a Wipak group company (hereinafter "Wipak") to its customers (hereinafter the "Customer") unless specifically agreed otherwise in writing between Wipak and the Customer. The Customer accepts these General Terms by ordering and receiving any Products. The applicability of any general terms and conditions of the Customer is hereby expressly rejected.

### 2. Orders

2.1. The Customer shall order the Products by issuing a written order to Wipak, specifying the Product(s) and their amount to be ordered. Wipak shall confirm an order, reject the order or inform the Customer of Wipak's amendments to the order within reasonable time of the receipt of the order. A confirmed order shall form a binding agreement between the Parties (hereinafter the "Contract"). An order or any change to a confirmed order shall not become binding until and unless accepted by Wipak. In the event a requested change is made to the confirmed order, Wipak is entitled to charge from the Customer all expenses caused by such change.

### 3. Prices

3.1. Offers/quotations and order confirmations contain indicative, non-binding prices. The prices payable by the Customer shall be those valid at the time of delivery.

3.2. The prices for the Products shall always be exclusive of any value added tax or other taxes or duties (including without limitation plastic tax). Such taxes and duties shall be paid by the Customer in addition to the price for the Products.

### 4. Payment

4.1. Unless otherwise agreed on, the payment term is 14 days net from the date of the invoice. Overdue payments shall automatically accrue interest according to the laws of the country of the Wipak group company invoicing the Products. The Customer shall pay Wipak's reasonable costs of collection, including attorneys' fees and other legal expenses.

4.2. Without limiting any other rights or remedies Wipak may have under these General Terms or applicable law, Wipak may suspend the delivery of the Products, require a prepayment or terminate the Contract in the event the Customer is more than 10 days late on any payment to Wipak.

4.3. Payments shall be deemed to have taken place when the sum is finally cleared in Wipak's account.

4.4. The Customer shall have no right of set-off.

### 5. Delivery and Shipping

5.5. Title and risk of loss to the Products transfers from Wipak to the Customer at the time of delivery or, if the Customer fails to take delivery of the Products, at the time when Wipak has tendered delivery of the Products. 5.6. In case of returnable packaging (e.g. locking-ring drums, transport cassettes, steel cores and pallets), the packaging shall be treated by the Customer with care and it may not be used for other purposes. The returnable packaging shall be returned undamaged and clean to Wipak as soon as possible.

### 6. Inspection

6.1. The Customer shall visually inspect the supplied Products upon delivery for the quantity and transport damages and thoroughly for possible defects before taking them into use in its production or business. If the Customer detects non-conforming Products or if the quantity supplied does not correspond with the quantity confirmed by Wipak (taking into account the tolerances), the Customer shall make a formal claim to Wipak immediately. The Customer shall give the needed information including samples of the defect in order for Wipak to start the investigation.

### 7. Force Majeure

7.1. Wipak shall not be liable for failure or delay of performance of any of its obligations under the Contract if such failure or delay is due to unforeseeable causes beyond reasonable control of Wipak, its supplier or subcontractor including, without limitation, natural disasters, fires, accidents, operational breakdowns, epidemics, earthquake or storm, strikes, labor trouble, riots, scarcity of materials, energy or components, failures of public utilities or common carriers, general traffic and shipping disturbances, acts of war or intervention, acts, restraints or regulations of any governmental authority, including compliance with any order of any governmental body. Wipak shall promptly notify the Customer in writing of the cause and expected duration of such failure or delay. 9.3. The above limitations do not apply in case of claims under mandatory product liability law. To carry out the analysis, the Customer shall provide Wipak with sufficient amount of samples of the Product claimed to be defective. Provided that the Product is found to be defective, Wipak shall notify the Customer whether Wipak wants to receive defective Products back at its cost. Otherwise the defective Products shall be destroyed by the Customer and Wipak shall be responsible for reasonable costs of the destruction within limitations of liability set out in these General Terms. Wipak's liability to compensate damages caused by the defective Products is limited as set out in these General Terms. Except as expressly set forth herein Wipak disclaims all other warranties, express or implied, including any warranties of merchantability or fitness for a particular purpose.
